

Walkers Are Grateful

EDITOR:
The Farmington Walk for Mankind steering committee would like to express their appreciation to all the numerous people who contributed to our Project Concern walk on Oct. 7.

All of us who spent so much time on the project know just how much the success of this walk is due to the support we received from the entire community.

So many people were involved — from walkers and sponsors, to workers and supply contributors — that it is not possible to thank each one or each organization publicly, but a few deserve special thanks.

The Jaycee Auxiliary spent many hours preparing and serving hot dogs and hamburgers and many people supplied cookies and beverages.

The Michigan Emergency Patrol did a super job in coordination.

Terry Billings, Terry Beck, Bill Shallow, Dave Gazale, Mr. Cossis, Mr. Hunter, and Father O'Tiagan (St. Gerard Catholic Church) all made substantial contributions to supply the refreshments along the route.

The Farmington Enterprise and Observer also deserves thanks for its help with publicity.

Even though a final tabulation of monies collected is not completed at this time, we are optimistic that the

walk was quite successful and we are very proud of our concerned walkers.

Thanks Tag Day Donors

May I thank all of those who helped make the Farmington High School Music Patrons Tag Day a success, especially those band and orchestra students and parents who stood out in the rain with their canisters. The Farmington Enterprise-Observer was most helpful with publicity and Mr. William Conroy and Mr. David Zelensky generously contributed tags.

Last of all, may I express my gratitude to those in the community who donated to the band and orchestra fund. Because of you, our first Tag Day was a huge success. Those who have not had the

opportunity to contribute and would like to do so may send checks to FHS Music Patrons, Pres. H. Robert Williams, 23225 Warner, Farmington, 48024.

3 Schools In Farmington

EDITOR:
The last time I counted there were three high schools in the city of Farmington. You seem to think there are only two.

I am talking about your sports section. In the Wednesday, Nov. 1 copy there was a full page story about North Farmington, a good size article about Harrison, but I could not, for the life of me, find anything about Farmington High School Football team.

I realize that North has won more games than us, but I feel that no matter what a team does, it should be given some amount of credit in the newspaper.

I don't mind the Falcons getting on page six or seven every week but at least we get in. Even when we win you make it sound like we lost or that it was a miracle that we won.

Last week, on Friday, we played Lutheran High West. It was not a conference game, but we won 35-9. I think the guys on the team deserve a lot of credit.

The school was 30 minutes away yet we still had a big turnout and a lot of spirit was generated by our dedicated fans.

I think you owe our team,

coaches, supporters and the whole school of Farmington High an apology for forgetting such a great effort as these boys put forth.

Maybe there are two newspapers in Farmington, but to me only one from now on.

EDITOR'S NOTE: Due to personal problems in the coaching staff at Farmington High, the results of the game were not reported to the Enterprise and Observer in time for the Wednesday paper. We, too, were unhappy about that.

Wants More Local News

EDITOR:
I think you should get your newspaper to write about Farmington instead of every other town.

I don't like picking up the Farmington Observer and reading about every town but Farmington.

If I want to know the big stories about other places I'll read the Detroit News. You should write about what happens in the schools, the sports, dances, and something about the town.

Fish Story

FISH STORY -- John Carlesino has been plagued with a flooded street next to his factory on Eight Mile Rd. with frontage on Kenwood for several years now. Tired of a losing fight with the county road maintenance people, he rented a

pump to get the water out of his yard. He pumped up two car out of the street, about 10 pounds apiece. "Guess I'll have to throw them back though, I haven't got a license," he said. (Evert photo)
