Parent Complaint Procedure Set Up

Complying with a government regulation governing Title I courses that are federally funded, Clarenceville Board of Education has approved a policy that outlines procedures for processing parent complaints and concerns.

Step one has the parent schedule a discussion with the teacher and/or building principal. The second step is to submit the problem in writing to the project director. The third step is to submit the problem to the superintendent

or his designee. The fourth step brings the problem before the board of education. Final recourse is with the State Board of Education.
