Constipation, if Neglected, Causes Serious Illness

Constipation, if neglected, leads to almost innumerable complications affecting the general health.

Many cases of typhoid fever, appendicitis and other severe diseases are traceable to prolonged clogging of the bowels. Regarding the effects of constipation, C. E. Ayers, 6 Sabin St., Montpelier, Vt., says: "I was afflicted with constipation and biliousness for years, and at times became so bad I would become unconscious. I have been found in that condition many times. Physicians did not seem to be able to do me any good. I would become weak and for days at a time could do no work. Not long ago I got a box of Dr. Miles' Laxative Tablets, and after using them, found I had never tried anything that acted in such a mild and effective manner. I believe I have at last found the remedy that suits my case."

Thousands of people are sufferers from habitual constipation and while possibly realizing something of the danger of this condition, yet neglect too long to employ proper curative measures until serious illness often results. The advice of all physicians is, "keep your bowels clean," and it's good advice.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory, your money is returned.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Strong Endorsement.

Daniel A. McGaffey has announced himself a candidate for the office of Register of Deeds to succeed Harry Gardner.

Mr. McGaffey has made a name for himself in the office of the register and has won friends all over Oakland county because of the creditable way in which he has handled the business under his charge. Capable, conscientious and accurate, he is known as one of Oakland's best products, and when the campaign opens he will have warm supporters in every part of the county.

Mr. McGaffey would make an ideal officer and his nomination and election would be a promotion worthy of the voters.—Pontiac Press Gazette.

The Flocking Habit.

While man has been defined as a gregarious animal, Americans seem to have the flocking habit more strongly developed than any other people. When there is no public attraction to draw multitudes there are private gatherings. This tendency has done much to destroy the home circle as it was once known.—St. Louis Globe-Democrat.

No, He Wasn't Nervous.

A young pitcher making his first appearance in big league company hit the first batter, passed the next two, and made a wild throw in the first inning. As he went to the bench the manager of the team asked, "What's the matter? Are you nervous?" "Naw," he said angrily, "but my darn limbs shake."

Modern Youth.

"What did Gwendolyn say when you asked her to marry you?" asked Mr. Cumrox. "She told me to come and see you," replied the confident youth. "Having done so, I shall go back and tell her that I don't object to you in the slightest."—Washington Star.

Special correspondents and photographers will accompany the armies and navies of the warring nations, and our own staff correspondents in every European capital will enable the Free Press to print all authentic news first.

A special war offer is being made to rural patrons and to persons living where they cannot be served by our local agents. The Detroit Free Press will be sent daily by mail until February 1st, 1915 for only $1.00. This is just the chance you have been looking for. A thoroughly up-to the-minute, metropolitan daily newspaper, which may be depended upon—at a price of less than one third its regular cost.

For Night Protection

Battle ships actually hurl these light bouys far out on the water—using specially constructed apparatus to light up automatically the instant they fall. They give an intense white light that would show up any craft attempting to enter the circle. These marine lights are similar to the 2,000 candle power Acetylene lights used by fire chiefs in the big cities. Both kinds generate identically the same Acetylene used so extensively for lighting and cooking in country homes.

Joys of Companionship.

Half the difficulty of fighting any severe battle or accomplishing any hard task vanishes when a man feels that he has comrades at his side fighting in the same cause, or that the eyes of those he loves are upon him, and their hearts praying for his victory.—C. J. Perry.
