Most everyone likes a free puff in the home paper, but how few ever think to acknowledge their appreciation to the editors.

The fellows that have sported around the most in an automobile the past summer are the first to wonder how they are going to meet their coal bills when they come due.

Virginia has an agitation on for protecting those who don't like to bucco from those who do. It is now up to the tobacco growers to start a counter agitation to protect those who like tobacco from those who don't. The "do's" and the "don'ts" are the spice of life with a noticeable tendency towards too much red pepper.

Listen, daughter. Whenever a town girl gets too proud to marry a man with 100 acres of land and 20 red pigs, just because he wears blue jeans and can't tell the tango from a slow gin rickey, you can set it down as a fact that she will either die an old maid or marry a \$6 a week clerk with a head full of ozone and only one change of hole proofs. We would rather see you hooked up to some fellow who wears 49-cent overalls and knows when to hit the top of the market than be yoked to some Cuthbert who plays the mandolin, smokes turkish cigarettes and lives off his father's pension. Still there's no accounting for tastes. That's why they are establishing courts of Domestic relations here and there.

Keep Your Liver Healthily Active

A man in Kentucky has just told a friend that Foley Cathartic Tablets were the most wonderful medicine that had ever entered his system. Said he would not be without them. Neither would you, if you had ever tried them. A thoroughly cleansing cathartic for chronic constipation or for an occasional purge. T. H. McGee.
