W. T. Hutchens, Nicholson, Ga., had a severe attack of rheumatism. His feet, ankles and joints were swollen, and moving about was very painful. He was certainly in a bad way when he started to take Foley Kidney Pills. He says, "Just a few doses made me feel better, and now my pains and rheumatisms are all gone and I sleep all night long." T. H. McGee

Stop Those Early Bronchial Coughs

They hang on all winter if not checked, and pave the way for serious throat and lung diseases. Get a bottle of Foley's Honey and Tar Compound, and take it freely. Stops coughs and colds, heals raw inflamed throat, loosens the phlegm and is mildly laxative! Best for children and grown persons. No opiates. T. H. McGee.

Every typewriter strikes the printing center everytime.

How Much Service Can You Get From Your Typewriter?

It's what a machine does, not what it costs, that is most important. All typewriters do not have the same efficiency and the same operator does not get the same result on every writing machine.

The L. C. SMITH & BROS. Typewriter

will produce ten to twenty per cent. more work than any other typewriter ever made.

How is this possible?
Here are a few reasons:

1. It is ball-bearing throughout—others are not.
2. All operations are controlled from the keyboard.
3. It is the lightest touch machine made.
4. It does not "smut" the carbon.
5. The ribbon reverses automatically.
6. The type is so protected that it is not battered by collision.
7. One motion of the hand returns the carriage and operates the line space.
8. It has an rebuilt biller and tabulator.
9. No trouble to write on paper as small as a postage stamp.
10. It is built for service.
