
Light Your House and Barns—Cook Your Meals With Home-Made Acetylene

And Make Your Acetylene With a

Pilot Lighting Plant

Pilot plants make Acetylene automatically a little at a time as you use it in your gas cooking stove and in your lights distributed throughout your house, your barns and out-buildings. You simply fill the generator with the gas-producing stone "Union Carbide" and water about once a month.

Pilot plants are approved by The National Board of Fire Insurance Underwriters.

All told, over 250,000 country homes are using Acetylene made the Pilot way.

A complete Pilot plant, consisting of generator, pipes—handsome light fixtures and gas cook stove, can be installed in any country home in a couple of days' time.

Such a plant is a permanent improvement and will furnish you with the cheapest, safest and most practical light and fuel now available for country home requirements.

Write for our illustrated catalogs and descriptive booklets giving all the facts. 11-1

SAN-JAK

is the greatest rectifier for the blood and skin yet known. Greasy skin with pimples, blotches, eruptions or scrofula easily cleared away. Its use leaves the blood and skin as pure as the lilies. SAN-JAK for the stomach, nerves and blood is the best the world ever saw. SAN-JAK prevents the excessive flow of poison fluid into the blood from the super renal glands near the kidneys, causing the arteries to harden in years past 50. This preventive keeps the arteries soft and flexible, giving flexibility to the muscles as in youth.

You can feel well and active at any age from 60 to 90 years. Man should die of old age, not from disease or diseased tissue. Mothers and daughters can avoid many dangerous operations by the use of this wonderful medicine. $1.00 per bottle. Get SAN-JAK of

Have you paid your war tax?

In future and starting with this week we will issue The Enterprise on Friday instead of on Thursday as in the past.

It is estimated that $1,200,000,000 will be required to run Uncle Sam's business and take care of his household expeuses during 1915.

It's not too early to commence planning New Year's resolutions and among them should be included a "Buy what I can at home" resolve.

No use talking—that weather forecaster down at Detroit will guess the weather conditions right once in a while whether he wants to or not.

Christmas just three weeks from today, and if you don't do your Christmas shopping early, don't blame us—we told you it was coming, three months ago.

"The average baby doesn't need to to talk. All it has to do is to yell and it gets what it wants," says the Pontiac Press Gazette. Sounds like Bro Gardner might have had a little recent experience.

Fred Stamann, Township Treasurer, is keeping open house starting today, at the Farmington Exchange Bank. No, he isn't there because they keep a good fire—merely to collect taxes.

Champ Clark in an interview with Detroit reporters said that the country was rapidly returning to prosperity and plenty, despite the war, and to prove that he believed what he said, he celebrated the event, gloriously, according to Thursday's Free Press.

A. L. Kraft, at present county superintendent of schools, will be a candidate for re-election to a second term. Mr. Kraft has made an excellent record, as is evidenced by the many glowing reports of the good work being done in the Oakland county schools. There is little question but what he will again receive the support of the taxpayers.

Mr. and Mrs. Earl Banks of Novi and Dr. Rush Banks, wife and son of Centralia, Washington, were callers at Mr. and Mrs. Frank Steele's last Friday. Dr. Banks attended Farmington High School at one time, but for several years has been superintendent of a private hospital in his home city. He left for Boston Tuesday.

The Mutual Dairymens Association will hold a meeting at the Grace House Saturday evening at 7:30, and at that time will elect delegates to the state meeting at Detroit.

Constipation, if Neglected, Causes Serious Illness

Constipation, if neglected, leads to almost innumerable complications affecting the general health. Many cases of typhoid fever, appendicitis and other severe diseases are traceable to prolonged clogging of the bowels. Regarding the effects of constipation, C. E. Ayers, 6 Sabin St., Montpelier, Vt., says: "I was afflicted with constipation and billousness for years, and at times became so bad I would become unconscious. I have been found in that condition many times. Physicians did not seem to be able to do me any good. I would become weak and for days at a time could do no work. Not long ago I got a box of Dr. Miles' Laxative Tablets, and after using them found I had never tried anything that acted in such a mild and effective manner. I believe I have at last found the remedy that suits my case."

Thousands of people are sufferers from habitual constipation and while possibly realizing something of the danger of this condition, yet neglect too long to employ proper curative measures until serious illness often results. The advice of all physicians is, "keep your bowels clean," and it's good advice.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory, your money is returned.

Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.
