

Elderly People Helped Free

The last years of life are the sweetest and yet the most difficult to prolong. It is then that the greatest care is exercised in maintaining bodily health. But the chief care should always be with regard to the food you eat and whether you are digesting it properly. You should not allow your self to become constipated.

No doubt you have tried salts and cathartic pills, purgative tablets, etc., and have come to the conclusion that they are violent in action and do not bring good results. Listen, then, to the voice of experience and try a wonderful and mild laxative, Dr. Caldwell's Syrup Pepsin. It is not new, only we are trying to find new friends for it.

A. A. Felix, of Johnson City, Ill., suffered from stomach troubles for six years and found his cure in Dr. Caldwell's Syrup Pepsin. His wife says it is too successful. We could name hundreds of others. Some heard of it through neighbors or friends; others through the doctor's offer to send any sufferer from a stomach, liver or bowel complaint a free sample bottle for trial, without charge. If you will send your name and address we will send you a trial bottle direct to your home. If it proves itself as he claims they continue the treatment by buying a 50-cent bottle or a 1.00 bottle, Druggist, as all of them sell it. Old people, like children, should look for purity, and it is well to mention that the purity of this remedy is vouchsafed by the U. S. Government, and also, though a free bottle is sent to prove its merits, results are always guaranteed from the bottles bought of druggists, who will refund your money if it does not help you. Send at least for the free test bottle today.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 200 Caldwell Bldg., Monticello, Ill.

THREATENED WITH PARALYSIS

Peter E. Summers relates his experience: "I was troubled with nervous debility for many years. I try to induce rest and to eat only the most nourishing and dependent and didn't care whether I lived or died. I imagine that I was a man who looked at me gazed my secret, malignant disease. My right hand and my left hand, my back, my neck, my head, my feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loss, memory poor, etc. Numbers in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, was on doctor's bills for three months, but received little benefit. I was induced to consult Dr. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I grasped at a straw and I saved my life. The improvement was like magic—I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and continue to do so."

100 Printed Envelopes, 50c.

Letters and other mail frequently miscarry, or are held for postage, and for that reason farmers, as well as business men, should route printed on their envelopes.
