IN ALL OUR NEIGHBORHOOD

There Is Hardly A Woman Who Does Not Rely Upon Lydia E. Pinkham's Veg-

etable Compound.

Experience of a Nurse.

Poland, N.Y.—"In my experience as a nurse I certainly think Lydia. Pinkham's Vegetable Compound is a great medicine. I wish all women with female troubles would take it. I took it when passing through the Change of Life with great results and I always recommend the Compound to all my patients if I know of their condition in time. I will gladly do all I can to help others to know of this great medicine. —Mrs. Horacen Newaux, Poliand, Her-kimer Co., N. Y.

If you are ill do not draw along much.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound

If you want special advice write Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

BEECHAM'S

Afternoon Costume for the Informal Dance

This casy and comfortable-looking afternoon gown of taffeta with a lace place, might lack just the requisite crispness if it were not worn with a dashing bat that draws its inspired into from Spain. This last item in the costame is decidedly new in style and one sees this Spaniah idea in evidence wherever the new millinery modes are displayed.

The bat is made of velvet over a frame having a flat brim and a soft, puffed crown. A narrow band of velvet carriers, and a strap of the strain set alout the strain set alout the strain set alout the ten seed of the strain set alout the brimedge and two sprays of flowers, in vivid, colored velvet, set in draw foliage, are applied flat to the brim. It is posed at a saucy angle on the head by incens of a bandeau, which litts it at the left side? A scart of soft should be such as the strain set about the point. The bottee of black has a long and the point of the strain set about the point. The bottee of black has one within the bring and the strain set about the point. Use Aeroplanes to Hunt Seals.

Difficulty experienced this past season in locating seal herds in northers waters has caused the owners othering ships to give serious consideration to employing aeroplanes in non-year's hunn. These craft of the affix by helives, can scout more cheeply and with less waste of time than the sealing ships themselves. Small sereplanes, designed especially for purpose, are looked upon as entirely feasible. Through their uses sealing the tessel, which can then make for the spot indicated.
