"Black Haul in Toledo" says a newspaper headline. Undoubtedly several of them.

Out in the state of Iowa they have passed a law which prohibits tipping. However, Pullman porters and check rooms seem to continue doing a flourishing business.

Arthur Brisbane, one of the greatest newspaper writers in the world has just come out in favor of woman suffrage, and advises all editors to do likewise.

That fellow who said "better late than never" evidently had a hunch in regard to the brand of weather we have been receiving the past few days.

In permitting of the removal of a great many of the exhibits at the State Fair, several days prior to close, the management disappointed lots of people out over the country, and committed an error that is going to cost money in 1916.

The following from the Rochester Era: A horizontal raise in insurance rates has been made in Rochester, which is entirely uncalled for and works a great injustice to the business men. With an almost perfect waterworks system and a fire department that is quick to respond to any call, no matter how trivial, there is no need of such an outrageous discrimination as the so-called inspection bureau has put upon the village. The fire loss in Rochester in 21 years, or since the system was installed in 1894, will not exceed \$5,000, or less than \$250 a year, still there have been two raises in the rate within the last few years. It would be money in the pockets of our business men to cancel every policy now carried and organize and carry their own risks. It could be done for a good deal less money than the insurance companies carry out of Rochester every year. Study it over business men, and then do something.

Did the Old Man Good

Geo. W. Clough, of Prentiss, Miss., is seventy seven years old and had trouble with his kidneys for many years. He writes that Foley's Kidney Pills did him much good. He used many remedies, but this is the only one that ever helped him. No man, young or old, can afford to neglect symptoms of kidney trouble.

Farm Wanted—Will buy farm if price is reasonable. House must be situated on elevation. Address, Rice, Enterprise office.

Schools May Bar Children

Common colds are contagious and boards of health in many cities are considering barring children with colds from school. Foley's Honey and Tar is an old and reliable family medicine and frees children from coughs, colds, croup and whooping cough. Parents may save trouble by giving before school opens.

Notice of Meeting of Electors of School Dist. No. 5 Farmington

At a Meeting of the School Board District No. 5, held Sept. 8th, it was unanimously voted by all members present to call a meeting of the qualified voters of said district for Wednesday evening Sept. 22, 7:30 p. m. to consider the crowded condition of our school and to vote on building additional rooms and bonds or tax necessary to pay for same.

Remarkable Success of these Talented Physicians in the Treatment of Chronic Diseases
Offer their Services Free of Charge

The United Doctors, licensed by the state of Michigan for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of treatment. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

These doctors are among America's leading stomach and nerve specialists and are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard to find a dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart spleen, kidneys or bladder, rheumatism, sciatica, diabetes bed-wetting, tape worm, leg ulcers, weak lungs, and those afflicted with long-standing, deep seated, chronic diseases, that have baffled the skill of the family physicians, should not fail to call. Deafness often has been cured in sixty days.

According to their system no more operations for appendicitis, gall stones, tumors, goiter, piles, etc., as these diseases are treated without operation or hypodermic injection.

They were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife with blood and with all pain in the successful treatment of dangerous diseases.

If you have kidney or bladder troubles bring a two ounce bottle of your urine for chemical analysis and microscopic examination. No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable they will give you such advice as may relieve and stay the disease.

Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you.

Worn-out or run-down men or women, no matter what your ailment, consult them. It costs you nothing.

Remember, this last free offer is for this visit only. Married ladies come with their husbands and minors with their parents. adv 45-31

SAN-JAK

is the greatest rectifier for the blood and skin yet known. Greasy skin with pimples, blotches, eruptions or scrofula easily cleared away. Its use leaves the blood and skin as pure as the lilies. SAN-JAK for the stomach, nerves and blood is the best the world ever saw. SAN-JAK prevents the excessive flow of poison fluid into the blood from the super renal glands near the kidneys, causing the arteries to harden in years past 50. This preventive keeps the arteries soft and flexible, giving flexibility to the muscles as in youth.

You can feel well and active at any age from 60 to 90 years. Man should die of old age, not from disease or diseased tissue. Mothers and daughters can avoid many dangerous operations by the use of this wonderful medicine. \$1.00 per bottle. Get SAN-JAK of

Announcement

FORD

UNIVERSAL CARS

THE FOLLOWING PRICES F. O. B. DETROIT,
EFFECTIVE AUGUST 2nd, 1915:

Ford Runabout - \$390.00
Ford Touring Car - 440.00
Ford Town Car - 640.00

No speedometer included in this year's equipment, otherwise cars fully equipped

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to August 1, 1916.

Profit Sharing with Retail Buyers

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchaser, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September, and October, 1915.
