Prince Albert fits your taste!

Meets the fondest wishes of any man who likes to smoke because it has the **right flavor** and aroma and coolness. It's the most cheerful tobacco you ever did pack in a jimmy pipe or roll into a cigarette. And it's so good you just feel you never can get enough. The patented process fixes that—and cuts out bite and parch!

Listen:

It's easy to change the shape and color of unsuitable brands to imitate the Prince Albert style red tin, but it is impossible to imitate the flavor of Prince Albert tobacco. The patented process protects that!

When you fire up your first smoke you'll decide that you never did taste tobacco that hits your fancy like

PRINCE ALBERT

the national joy smoke

For it exceeds in goodness and satisfaction the kindest word we ever printed about it!

Men, we tell you this tobacco will be a revelation to you. So, take this information at 100%, get out the old jimmy pipe from its hiding place or locate the mackin's papers—and fall to!

Your wishes will be gratified at the nearest store that sells tobacco, for Prince Albert is in universal demand. It can be bought all over the states and all over the world! Tasty red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that fine pound crystal-glass humidior with sponge-moistener top that keeps the tobacco in such excellent trim.
