## 100 Printed Envelopes, 50c.

Letters and other mail frequently miscarry, or are held for postage, and for that reason farmers, as well as business men, should have their name, address and rural route printed on their envelopes. If this is done and the letter fails to reach its destination or is unclaimed, it will be returned to the sender instead of being consigned to the dead letter office.  
The Enterprise is printing high-grade envelopes at about as low a price as they can be bought at retail unprinted, and we have many styles to choose from. Let us get you out 100 (the high grade kind) for 50c, or 100 envelopes and 100 neatly printed letter heads, put up in pads of 50, for \$1.00.
