Presidential Race a Close One—Farmington Township Gives Hughes Majority

One of the Largest Votes Ever Polled in Township

Tuesday's election puts Michigan in the dry column by a majority of 50,000, according to latest reports as we go to press Thursday night. The race for the presidency is a close one and may go to Congress for decision, one report giving Wilson the lead, while the next is in favor of Hughes.

Latest reports give the Republicans a number of gains in congressional and senatorial districts, while the entire Republican ticket is victorious in state officials, with good majorities.

In Oakland County the entire Republican ticket was elected by good majorities, with one of the largest votes ever polled.

In Farmington township there were 455 votes cast out of a list of 520 registered, there being 241 straight Republican tickets and 123 straight Democratic tickets.

The state-wide amendment received 286 yes and 147 no, while the home rule vote was 125 yes and 399 no.

The vote of the township on president ran about 280 for Hughes and 172 for Wilson, the state vote running about 288 Republican and 266 Democratic, while in the county the Republicans ran about 290 to the Democrats 152, the congressional figures running about the same.

Following is a complete compilation of the township vote for state, congressional, legislative and county candidates of the Republican and Democratic ticket, the Socialist party receiving three straight votes, and the regular Prohibition ticket two:

FATAL AUTO ACCIDENT

Milton Burrows Almost Instantly Killed and His Wife in a Serious Condition.

Another auto accident occurred in this vicinity last Saturday night, which resulted in the death of Milton Burrows, of Northville, and the serious injury of his wife, besides slight injuries to Mr. and Mrs. Newton, from two autos came together on Grand River avenue, in front of the Jensen blacksmith shop at Clarenceville, about 7:30 last Saturday evening.

Mr. and Mrs. Burrows, Mr. and Mrs. Newton and Arthur Power, of Northville, were coming from Detroit, running along side the street car, probably at a rate of some 30 or 35 miles an hour, and when in front of the Jensen blacksmith shop they crashed into a car owned by E. O. Boies, of Brighton, who had stopped at the edge of the roadway and was adjusting his light, which, it is said, were not burning at the time.

The story is that Mr. Burrows was blinded by the lights of the approaching interurban car, and did not see the Boise machine.

When the crash came the whole party were thrown onto the car track directly in front of the interurban which, through the presence of mind of the motorman, was brought to a standstill not a second too soon to prevent its crashing into the victims of the auto.

The wheels of the two cars locked when the impact came, throwing the Burrows car over, with the above result. The occupants of the other car were not injured, the machines being damaged badly.

Help was at hand in a short time and Mr. Burrows was lifted from the tracks and taken to the home of Brownell Cook, where he died two hours later. Mrs. Burrows was also taken to the Cook home, where medical help was obtained, and she was made as comfortable as possible, although she remained in a semi-conscious state for some hours.

Mr. Burrows was a well known Northville resident, and his death was a shock to that village.

FROM OUR EXCHANGES

Newsy Items Taken From Other Papers in and About the County.

We have Pontiac pushed off the map. We have something on our streets that no other village in the county has, not even the county capital—a traffic cop. He stands at the intersection of Maple and Woodward avenues, and all day long works his "go" and "stop" signals, faithfully.—Birmingham Recreant.

The water board, composed of business men, will hereafter print the proceedings of all their meetings. Publicity not only keeps the taxpayers posted on what their officials are doing but removes all possible chance for the people to think dirt; work is being pulled off. It is men like Hinkle, High and Stringer, fellows who play square that have no fear of the spotlight of publicity. Redford Record.

Mrs. Electa Ambler died at the home of her son, William E. last Tuesday evening after a long illness. She was one of Northville's oldest and best known citizens, being 84 years old and a resident of Northville for many years, driving through to Michigan with her parents from New York in a wagon when but a child, and many were the stories she could tell of the red men.—Northville Record.

Several cases of scarlet fever have broken out among pupils of the Holly schools, and the board of education on Tuesday authorized Superintendent Green to close the schools for the remainder of the week. In the meantime the rooms will be thoroughly fumigated. No pupil was taken down in the school, but there are at least five or six cases, two or three of which are in the country.—Holly Advertiser.

The new electric fire whistle which the Edison Co. agreed to provide for the village by the terms of their contract in the purchase of the village electric light plant, has

ARRIVED AND HAS BEEN INSTALLED ON THE BELL TOWER IN THE REAR OF THE VILLAGE HALL. WE UNDERSTAND ARRANGEMENTS ARE TO BE MADE WITH THE TELEPHONE COMPANY TO HAVE THE OPERATOR AT THE CENTRAL OFFICE SOUND THE ALARM BY THE PRESSING OF A BUTTON IN CASE OF FIRE. IT IS SAID THAT THE NEW WHISTLE CAN BE HEARD A LONG DISTANCE.—PLYMOUTH MAIL.
