

NW Highway Hearings Set

Legislative public hearings are planned to gather opinion on the Northwestern Highway extension in Oakland County.

A special committee was formed to study allegations that the project proceedings were improperly influenced, and that the need and ecological impact of the extension weren't fully considered.

State Rep. Raymond J. Smit (R-Ann Arbor), whose district includes most of Plymouth, is a member of the committee.

Three hearings will be held at the Oakland County Board of Commissioners Auditorium in Pontiac at 2 p.m. on Tuesday, Sept. 25, and at 10 a.m. on Wednesday and Thursday, Sept. 26-27.

Retirees To Get SC Benefits

Retirees residing within the Schoolcraft College district will receive special consideration for a selected number of programs and services conducted by the college effective this fall.

According to David Heintz, director of college relations, this will affect approximately 10 to 15 percent of the school district's population or an estimated 15 to 25,000 persons.

The Schoolcraft College board of trustees unanimously voted formal approval of procedures for the senior adult services policy at its Aug. 22 meeting.

The policy states that all

retirees or senior adults (living within the district) who have retired from full-time employment, including those who are retired because of disability, must apply for a special "senior student" identification card through the community services office prior to receiving any special consideration.

All senior adults possessing this card will be entitled to free tickets to all cultural and public affairs programs conducted by the college, free admission to all athletic events, free enrollment in special credit-free programs and full library privileges.

The card must be presented at the time of registration or admission to a program or activity.

Tax Notes Approved

Clarencville's school district will receive a loan of \$300,000 from Detroit Bank and Trust Co.

The contract for the loan was awarded at a recent board meeting.

PO-BOX-Drugs

Day Care Drug Plan Opening

Q. What is "ghetto weed?"

A. According to the information available, ghetto weed is an inexpensive street grass that is filled with stems, roots and other waste materials of the marijuana plant.

Q. What is "Sheba?"

A. This has been checked out with several sources and the opinion ranges from (a) an excellent grade of grass to (b) an average type of grass. Typically, grass purchased on the street can be anything. (Sheba, ghetto weed, etc.) regardless what the seller says it may be.

Q. I've heard about a day care drug rehabilitation program. What is it?

A. The CODA is sponsoring a new drug rehabilitation program to begin Sept. 4. It will consist of participation in eight hours a day of supervised activity including job development, job placement, recreation, individual, group and vocational counseling, free lunch, and medical and legal services.

It is the goal of the program to provide as much self awareness and community awareness as possible, incorporating field trips, lectures, seminars and structured human potential experiences into the concept of an outpatient therapeutic community. The program will operate out of the Livonia OCC Center at 3310 Five Mile and at the Westland Aide Center at 8068 N. Wayne Road, Monday through Friday from 9 a.m. until 5 p.m.

For more information call the centers directly - Livonia Aide Center 261-3760 or Westland Aide Center 232-3760 or call CODA business office at 422-3760.

OCC Extends Registration Deadline

A late registration period will be from Sept. 7 to 13 for students on the Orchard Ridge campus of Oakland Community College in Farmington Hills.

Larry Soldan, admission counselor, said students won't have to pay a late registration fee. Those who need counseling prior to registration should go to the counseling center in M building between 9 a.m. and 8 p.m. The center closes on Friday at 5 p.m.

A wide range of courses is still available for full and part-time students. Tuition is \$10 per credit. "With senior college and universities raising tuition and fees, OCC classes are now a great bargain," Soldan said.

An engine out of tune can burn 25% more fuel

A rough, untuned automobile engine throws your money away—and throws America's precious energy supply away, too.

Good driving habits save money and energy. For example, fast starts can reduce gasoline mileage by as much as 6 miles per gallon!

Americans can't afford to waste energy. There are many ways every American can help save it. Write today for a free copy of "A Consumer's Guide to Efficient Energy Use in the Home." It's packed with ideas that can save energy and money.
