SIMPLE but eye-catching photographs are possible at the annual Fall Festival pet show (at 9 a.m., Saturday morning, Sept. 8) held in front of the band shell near the park. Concentrate on closeups keeping the child and pet close to each other if possible; seek a simple background. (Observer photo by Doug Johnson)

The average real estate transaction involves over 30 people. Home sellers and buyers meet only a handful of those who work to assist them in their sale. To you, the MOST IMPORTANT PERSON is the one who coordinates the activities of the others. That's the real estate salesman's job! He determines how smoothly, effectively and profitably the sale progresses to a closing. Over a period of 25 years we've learned a vital lesson. The quality of the salesman is reflected in the quality of the service performed. Our commitment to quality service forces us to reject 90% of those who apply for sales positions. The few who "made the grade" are pictured here. When you think of selling or buying a home, why not pick the "cream of the crop"?
