Avondale students aid former teacher

By ALICE COLLINS

Albert Leo has lots of time to think. When you can't get out of bed or even sit up, time drags by. But it helps to have happy thoughts, and Leo has plenty of them.

Leo, who has been paralyzed from the waist down since 1961, is temporarily confined to his home at 29213 Fairfax in Southfield recovering from a serious infection.

His happy thoughts are for his students at Avondale High School who just presented him with an electric

wheel chair to replace the manually operated one he has been using.

"I want people to know how wonderful and loving these kids are. You see so much bad publicity about the small percentage of students who cause all the trouble. Somebody's got to stick up for the good ones," he said.

LEO SAID the gift came as a "complete surprise to me."

"A couple of my students brought it over the other day. They were afraid to come in, afraid maybe I'd be mad at such an expensive gift."

Along with the new chair came a letter:

"A committee was formed a few months ago...to unite the school on a project for a special goal. This wheelchair was our goal. We hope you can put it to good use and our love comes with it."

Leo has been on medical leave from his social studies teaching job for five weeks and his goal is "go get back to work in the fall."

IN NOVEMBER 1961 Leo was work-

ing as a banking collector when an iron woman shot him, causing the spinal injury that changed his life.

With a bachelor's degree in philosophy he had been working as a collector and new business solicitor in banking for about 10 years. When he found he had a job that would not fit his paralysis, he decided to go back to school and prepare for teaching. He is currently nearing completion of work on a master's degree in history from the University of Michigan.

Leo says his students keep him young. He has nothing but praise for them and says he has "never had a discipline problem."

He is not married and has been living in Southfield for 15 years and teaching at Avondale High School for eight and one-half years.

A GROUP of 15 students representing school government got together and decided to do something for Leo, according to Charles Parrott, a fellow teacher and student representative advisor, who supervised the project.

The major contribution came from the student activity fund. And small donations were made by school clubs that held bake sales, plays and other fund-raising projects. Parrott said.
