#### Michigan Crop Report.

The average condition of wheat in the southern counties is 85, in the central counties 74, in the northern counties 80 and in the state 82.

On May 1st the condition of what was reported as follows: In the state and southern counties 78, in the central counties 71 and in the northern counties 80.

The per cent of wheat that will be plowed up, because winter killed, in the southern counties is 3, in the central 7, in the northern counties 6, and in the state 5. The damage by Hessian fly in the southern counties is 2 and in the state, central and northern counties 1. The total number of bushels of wheat marketed by farmers in May at 102 mills is \$4,191, and at 58 elevators and to grain dealers 27,897 or a total of 82,088 bushels. Of this amount 59,994 bushels were marketed in the southern four tiers of counties, 19,729 in the central counties and 2,365 in the northern counties. The estimated total number of bushels of wheat yet remaining in possession of growers is estimated at 1,000,000 bushels.

One hundred and four mills, elevators and grain dealers report no wheat marketed in May.

The condition of rye in the southern and northern counties is 88, in the central counties 82 and in the state 87.

The acreage of corn planted as compared with an average for the past five years, in the southern counties 96, in the central counties 99 and in the state 87. The condition of corn as compared with an average, in the southern and central counties is 88, in the northern counties 94 and in the state 89.

The condition of oats as compared with an average in the state and central counties is 85, in the southern counties 84 and in the northern counties 90.

The acreage of barley sown as compared with an average, for the past five years in the state and central counties is 87, in the southern counties 86 and in the northern counties 93.

The condition of meadows as compared with an average, in the southern counties is 83, in the central counties 90, in the northern counties 91 and in the state 86.

The acreage of potatoes planted as compared with an average for the past five years, in the southern counties is 95, in the central counties 92, in the northern counties 97 and in the state 94. The condition as compared with an average, in the southern counties is 87, in the northern counties 89, in the northern counties 94 and in the state 88.

The number of colts as compared with an average, in the state, southern and central counties is 93 and in the northern counties 90. The number of calves as compared with an average, in the state and northern counties is 94, in the southern counties 93 and in the central counties 95.

The acreage of sugar beet as compared with an average for the past five years, in the southern counties is 88, in the central counties 85, in the northern counties 84 and in the state 88.

The following will show the prospect for a crop of the various kinds of fruit in the state and the different sections: Apples—State 80, southern counties 77, central counties 82, northern counties 92. Pears—State 76, southern 72, central 80, northern 85. Peaches—State 71, southern 66, central 76; northern '89. Plums—State 78; southern 77, central 82, northern 84. Cherries—State 86, southern 85, central 87, northern 93. Strawberries—State 84, southern 82, central 87, northern 89.

The reason why so many men never get used to wearing their sets of false teeth is that they put them in their vest pocket at meal time, under their pillows when asleep and most anywhere when at work.

### BRILLIANT FIRE WORKS DISPLAY

To Be One of the Features of the Coming State Fair.

The management of the Michigan State fair this year has arranged for one of the most gorgeous displays of fireworks that has ever been witnessed at any similar exhibition. The Gregory Fireworks company of Chicago, which is one of the largest concerns of the kind in the world, has been secured to give an exhibition that for brilliancy and startling effects, has never before been seen.

The fireworks will start Saturday evening, September 4, and continue five nights, September 6, 7, 8 and 9, discontinuing on Sunday, September 10, and the last night of the fair.

The horse show, which will also be given in front of the grandstand and start promptly at 7:30 o'clock and continue until 8:30. Then the fireworks will immediately begin, the display starting with a salute of aerial guns are fired, until the close with the midnight light.

The features will be the grand illumination, when the entire surroundings are brilliantly illuminated with tricolors. Several large balloons will be sent up to reach some 5000 feet. Two monster fire balloons will follow carrying trails of variegated colored stars. Fire balloons will be sent up showing the star spangled banner in the sky, air ship, flying fish, pipe, elephants, foxy grandoes, etc. There will be a tremendous boom and rock and reaching an altitude of five thousand feet.

The "Merry Archon" is a humorous piece of mechanical construction showing in outlines of fire, a most realistic production of an aeroplane. An interesting and amusing performance on the horizontal bar. This wonderful creation cannot fail to produce roars of laughter.

The flight of parrot plumed rockets produces a most startling effect. A gorgeous wall of feathery plumes embellished with a general commotion, spreading out through the air.

The "Bulbat's Fan" is one of the most novel and bewildering pieces of pyrotechnic display. When displayed a beautiful pillar of tricolor fire is seen, which finally opens into a fan that, when ablaze, has a speed of thirty feet per second.

The "Golden Sunset" is a mammoth wheel of fire, twenty-five feet in diameter, the same of twenty-four feet in radius. This piece when ablaze has a circumference of over one hundred feet.

The "Orionides" is another startling effect. This device is manufactured in Europe and especially imported by this concern. After making a dash to the descending nearly to the ground, a second flight is made, resulting in thrilling effects.

Niagara Falls in fire would seem cheap to us, but it is really accomplished by this concern. The piece is forty feet in length and when in operation has all the appearance and sound of the mighty cataract itself. The molten fire, reaching to the ground, rebounds with a splash of silver mist, creating an inspiring effect.

Added to this great display there are scores of other beautiful pieces of fireworks, and the general illumination. Rockets and bombs are exploded at the most opportune time to produce startling effects.

The fireworks in fire are all produced by a skill crew of men who have been so long in the business that a hitch never occurs to the pleasure of the spectators. This exhibition alone will be well worth a trip to Detroit, and is expected to be one of the leading attractions at the big fair.

### FREE CHILDREN'S DAY.

Invitation to Attend the State Fair as Their Guests.

The Michigan State Fair management has decided to make children's day, which will occur this year on Tuesday, September 7, one of the most outstanding features of the big exhibit. Every youngster in the state of Michigan under twelve years of age will be admitted to the grounds free.

Last year it is estimated that 20,000 children were guests of the fair, and the management and the occasion proved so popular that it has been decided to make the event a permanent feature.

The Detroit Board of Education had planned to open all the public schools on the above date, but at the request of the fair management they will not open until one day later in order that the children may enjoy the hospitality of the big institution. This extension of the summer vacation is made just long enough to give the little folks an exciting flash to a long holiday season.

It is hoped by the management of the Michigan State Fair that other schools will follow the example set by the Detroit Board of Education, and postpone opening one day, or close school for one day in order that the children from every part of the great commonwealth may be able to attend the State Fair as their guests.

Prices Have Been Reduced.

Admission to the grandstand at the Michigan State Fair this year will be reduced to twenty-five cents, the former rate of fifty cents being considered too high. One general price, therefore, will be charged for both the grandstand and the enclosure seats, which the fair is in progress from September 24 to September 10th.

It is believed that the public will appreciate this more as the part of the Michigan State Fair management and that more persons will avail themselves of this convenience at the big exhibit. These seats are particularly desirable for those who wish to thoroughly enjoy the races, the horse shows and many other and many other attractions that can be seen to advantage from this part of the grounds.

### Invest in Timber

#### A VISIBLE INCREASING SECURITY

## 20% Earnings

### THE MICHIGAN PACIFIC LUMBER COMPANY

Commenced operations April 1st, and reports are received from the Camp regularly. Logs are now being delivered to the mill at the rate of 150,000 feet daily at a profit of \$6.00 per thousand feet; \$900 per day, or \$300,000 per year. These are facts, not estimates. The Company will market 300,000 feet daily next year—figure for yourself what the profits will be. At this rate it would take twenty-five years to cut the timber.

If you are interested in learning how money is made from operation in Timber, write us for copies of the reports as they come from Camp.

#### PROPERTY

80 square miles—  
 2,000,000 feet of Timber—  
 On tide water—30 miles from market—  
 Value today as standing Timber \$2,000,000.  
 Bond issue represents but 10-12 cts. per thousand.  
 Capitalization less than actual value.

We have purchased \$500,000 of the first mortgage 6% bonds of this property, together with a large block of the capital stock and are now offering same to our clients, and the Michigan public generally. We bought these bonds and stock last fall when logs were selling at \$8.50 per thousand feet. They are now worth \$11.50 and will sell much higher. To purchasers of bonds we extend the privilege of buying a like amount of stock. As often as \$50,000 of the bonds are sold, the price of the stock will be advanced until it is selling somewhere near its value. It is listed on the local Detroit Exchange where a ready market is obtainable. Watch the daily papers for quotations and

 PENOBSCOT BLDG., DETROIT, MICH.

The next worst thing to occupying a lot in the cemetery is for the boy from eight to sixteen to get snagged with the cigarette habit. Fact is, he is a more useful member of society in the former than in the latter capacity.

Thousands of tons of powdered milk are consumed yearly in Boston, the growth in the business being accompanied by a considerable dropping off in the consumption of natural milk. Whatever may be said of the powdered milk product, it cannot be upbraided with having been kept too near the pump or diluted at the creek of the way to the creamery.

### Over 90 Per Cent of Appendicitis Cases.

Are caused by a congested condition of the bowels, commonly called constipation. Why not relieve yourself of this condition and the consequent danger of appendicitis by becoming a user of Dr. Herick's Sugar Coated Vegetable Pills? The best known and most widely sold liver pills in the world. This is not a new remedy, but one that has stood the test of time, being over 60 years on the market. Sales always increasing, showing the immense good that they are doing. Price everywhere 25c per box. Ask for a free sample. Sold by T. H. McGee.

For Sale—Small farm, 26 acres, house and barn, two miles west of Farmington on Grand River; fruit stream of water running across it. Price \$2,000. A bargain for someone. Enquire at this office.

### STATE OF MICHIGAN—In the Probate Court for the County of Oakland.

A session of said Court, held at the Probate Office in the City of Pontiac, in said County on the seventeenth day of June A. D. 1909.

Present: Hon. Kiebler P. Rockwell, Judge of Probate.

In the matter of the estate of Benjamin Thompson.

William McDermott, having filed in said court a petition praying that said Benjamin Thompson may by an order of this court be adjudged deceased and praying that the administration of said estate be granted to William McDermott or to some other suitable person.

It is ordered, that the seventeenth day of July A. D. 1909, at nine o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing in the Farmington Enterprise, a newspaper printed and circulated in said county.

KLEBER P. ROCKWELL,  
 Judge of Probate.  
 JUDSON A. FREDENBURGH,  
 Clerk of Probate.

Destructive processes are always much more rapid than constructive. That is why a profane, careless and brutal hired man can do more harm with a herd of dairy cows or the farm horses in six weeks than the owner or a careful man can offset in twice as many months.

See Cook & Co's east window for a large display of fireworks.

### BLOOD DISEASES CURED

Dr. K. & K. Established 20 Years

NO NAMES USED WITHOUT WRITTEN CONSENT

He was surprised at how the same healed. I took your New Method for a serious case of blood disease with which I had been afflicted for twelve years. I had been treated by physicians taken 40 kinds of blood medicine, visited Hot Springs and other mineral water resorts, but got only temporary relief. They would help me for a time, but after discontinuing the medicine the symptoms would break out again—running sores, fibrous rheumatic pains, looseness of the hair, swellings of the glands, pains of the joints, indigestion of the stomach.

After treatment I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 4 years ago. I had no hope, but took his advice. In three weeks time the symptoms were less and I became encouraged. I continued the New Method for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of disease since. My boy, three years old, is well and healthy. I certainly can recommend your treatment with all my heart. You can refer my person to me privately, but you can use this testimonial as you wish.

WE TREAT NERVOUS DEBILITY, VARICOSE VEINS, VITAL WEAKNESS, BLEED, SKIN and SECRET DISEASES, URINARY, BLADDER and KIDNEY complaints of Men and Women.

READER: Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you with an honest opinion Free of Charge. Free reasonable Books Free—Illustrated on diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. Everything confidential. Question list and cost of Home Treatment FREE.
