

THE PLYMOUTH FALL FESTIVAL really isn't as boring as these cats seem to make it look. There's plenty to do, see and eat for everyone, regardless of age, sex or species.

COME, HAVE A MUSICAL EXPERIENCE TO REMEMBER

Compare the SCHIMMEL with any other Grand Piano!

Just as people are known by their personalities, pianos may be known by their "voices." Piano "voices" can and do vary as greatly as personalities. Here is a piano whose voice is truly eloquent. Hearing even a few chords on the SCHIMMEL will enable you to appreciate its difference.

Piano "actions" are not all alike. The action used in all SCHIMMELS has been scientifically refined on the basis of superb design already long proven. Perfectly balanced, SCHIMMEL'S response is a delight to the professional musician, and to the student, an assist in learning.

There is beauty in owning a piano that comes from superb quality and the finest of workmanship. The SCHIMMEL has a thick polyester lacquer finish that is far more resistant to aging than conventional finishes and as brilliant as a glass mirror. Your eyes will tell you immediately this is no ordinary piano. Here is an instrument worthy of a place of honor in your home—to cherish now and all your life.

If we knew of a better grand piano than the SCHIMMEL, we'd be the first to sell it. But there is no better.

We've tried to convey the impression of magnificent sound—top quality—and beautiful appearance—on paper, but we believe you will find it falls short of reality. Come in and play the SCHIMMEL yourself!
