

# HIGHLIGHTS...

Are you a birthday party nut...especially when you can enjoy a concert, take in a sports event, and be a computer whiz all at the same party?

Then you will want to join us at Oakland University on Sunday, September 29 as the university celebrates 15 years of service with a community Open House. The 11:00 a.m. to 7:00 p.m. program includes more than 200 free events scheduled throughout campus. Governor William Milliken and other public officials will be among the guests.

There will be programs by the Slavic Folk Ensemble, the U.S. Highland Dancing Association (District III) and the Dearborn Bagpipe and Drum School, soccer, Bicentennial lectures, and the world's largest birthday cake collection. Every academic and administrative building will be open.

"Celebrations are a time to be with friends and we want all our friends here in southeastern Michigan to join with us on this special day," explained Oakland University's President Donald D. O'Dowd.

"We would like to show you some of the academic, sports, and cultural programming that has helped us grow to a record enrollment of ten thousand students and that has attracted nearly half a million visitors to the campus each year," O'Dowd said.

"We have had tremendous community support during our fifteen years, and we want to show our appreciation by holding the open house," he said.

The many programs include student art and film exhibits, student research projects, demonstrations of eye research methods by faculty in the internationally known Institute of Biological Sciences, a lecture on acupuncture, and films of the art and customs of many foreign lands.

Highlights of the open house are listed below. For additional information, call 377-4700.
