OCTOBER 24 SHOULD BE PROÇLAIMED A

In October 1971 on the 26th anniversary of the founding of the United Nations — the UN voted to expel the Republic of China and to seat instead the regime of Mao Tse-tung and Chou En-lai. Thus, the greatest mass murderers in human history were welcomed to this world body.

At least 64 million human beings have died at the hands of the Red Chinese tyrants. Thousands more are dying in America from Red China's principal export — heroin. For this reason, and many more, we believe it is time to Get US Out of the United Nations and declare October 24 a Day Of Shame.

Cáreer grants set

A multi-million-dollar program to improve the amount and quality of career information available is being launched by the U.S. Labor Department's manpower adminis-

Secretary of Labor Peter J. Secretary of Labor Peter J. Brennan announced in a letter to state governors that about 10 grants will be made this fiscal year to create occupational information systems (OIS) in states or large localities.

The program, Brennan said, "will aid people in the job and career selection process by providing them with current, accurate, and locally relevant occupational information."

Grants averaging \$300,000 will

Grants averaging \$300,000 will

Grants averaging \$300,000 will be made to states or large localities that make application and qualify. The OIS objectives are to help persons learn about and understand the range of careers available now and in the future, which are acceptable and personally satisfying; to encourage persons to explore vocational possibilities on their own, using major sources of information and to provide support for related occupational programs.
