Margaret Schaeffer is Concerned, Conscientious and Experienced

HER CONCERN FOR FARMINGTON. The Farmington area has long been Margaret Schaeffer's home. She cares about the kind of place it is to live in and work in and go to school in. As the *Observer & Eccentric* said, "Mrs. Schaeffer is closely attuned to the people living in Farmington and Farmington Hills through her activities in numerous civic organizations."

HER CONCERN FOR YOUNG PEOPLE. A visit to the 47th District Court will show you that a great deal of its work involves young people. Most of them are first offenders. Margaret Schaeffer believes in a volunteer probation program for youthful first offenders. Her goal is that they don't become second offenders. She knows and understands young people and she'll work with them. She has a son and a daughter in their early 20's, a son 19, and a daughter 15.

HER CONCERN FOR YOU. Margaret Schaeffer knows that nobody wants to spend any more time in court than they have to. All cases will be handled as promptly as possible. With courtesy, firmness and fairness. If a Night Court is possible for people who work during the day, she'll help implement it.
