

Yriart receives \$1,000 award

FARMINGTON—Harrison High School senior Robert Yriart recently won a \$1,000 National Merit Scholarship.

Yriart, who lives at 28211 Danvers Court, has won several academic honors, including a silver award from the Michigan Mathematics Competition, first award in the National Engineering Aptitude Search and a gold key from the Scholastic Art Awards.

He was a State Scholarship Program semifinalist, a Boy's State delegate and participated in the Summer Science Institute.

Each winner was chosen in open competition with all other highly qualified students in his state who attained the finalist standing in the 1975 Merit Program.

The number of winners in each state is proportionate to that state's percentage of the nationwide total of graduating secondary school seniors.

NATIONAL MERIT \$1,000 scholarships are one-time, nonrenewable awards, and each winner will receive a single payment of \$1,000 next fall after enrolling in a regionally accredited U.S. college or university.

A selection committee considered each finalist's academic record, extracurricular attainments, two sets of

test scores, statements about himself and the recommendation and characterization submitted by an official of his high school.
