

What can Jacobson's interior designers do for you?

Plenty. They know how and where to find the things you need, in the colors you want. And they know how to put them together in exciting, harmonious ways. They can do an entire home, or they can help you add a lamp, draperies, carpeting or a new chair that looks just right with the furniture you already have. Let a designer from Jacobson's Store for the Home help you the next time you shop for furniture or home accessories — you'll always be proud of the results.
