

the YARD-MAN easy life CLEAN-UP SYSTEM no. 1

The Jet-Sweep is a 5 horse-powered air rake. Moving air at a velocity of 125 M.P.H. It sweeps lawns, driveways, sidewalks and patios clear of leaves, sticks and debris. Blows it into piles for easy bagging, into the street for pick-up, or anywhere else you want it. The Jet-Sweep works equally well on wet or dry debris, all with about as much effort as pushing your lawnmower. The simpler, the better.

The easy life with YARD-MAN ...

Enjoy the easy life through the most complete quality line of outdoor power equipment available anywhere. No matter what the job you have to do, you'll do it easier and better with Yard-Man.

Whether your garden needs tilling, the grass is growing or there's three feet of leaves on the ground, there's a Yard-Man product to make caring for your property a very enjoyable facet of the Easy Life.

Let your Yard-Man dealer show you how quality and reasonable price can come together to fill your needs. Take a look at the hand-built line of quality power equipment from the people who introduced quality to the lawn-care business. Yard-Man ... the simpler, the better.
